Brothers and Sisters of Pastoral Vicariate Region 2
In Parishes with Ministerial Responsibility for Saint Clair Hospital

In cooperation with the priests of seventeen parishes that serve St. Clair Hospital, we would like you to be aware of arrangements made to provide Sacramental Ministry to the patients of St. Clair Hospital.

Ministerial life in our parishes has certainly changed over the years. Almost every parish has expanded responsibility to cover long range nursing facilities, assisted living, or long term housing for the elderly and infirm. These are responsibilities your Pastors and Parochial Vicars have taken on above and beyond the normal activities of a parish community. In those years they have also had the helpful assistance of more and more of your own brothers and sisters to carry on parish and community ministries such as taking Holy Communion to shut-ins and to nursing facilities and hospitals. These gifts of shared ministry with the laity are certainly a blessing to the priests who are fewer and fewer in number and aging as is the general population.

Many of our parishes already encourage parishioners who need hospital care to be given the Sacrament of the Anointing of the Sick before they enter the hospital for various health issues. We all join in encouraging you to continue this practice. The program our parishes have developed for Sacramental Ministry at St. Clair is meant to assist all of our priests in carrying out essential care of the most critical patients at St. Clair, people in the Coronary Care, Intensive Care, Cardiovascular and Oncology/Cancer Units. Monday through Friday the daily hospital census report will enable the priests to identify newly admitted Catholic patients to these units to be visited by the priest on call for that day for the Sacrament of the Anointing of the Sick and Reconciliation if requested. On Saturday and Sunday priests will be on call for emergencies only. The Extraordinary Ministers of the Eucharist will continue their special service of bringing Holy Communion to all Catholic patients.

Of course, you could still notify your own Pastor that a member of your family is hospitalized at St. Clair and would appreciate a visit. What you will not have to worry about is the fact that family members in any of the above critical units will have the comfort of the Anointing of the Sick (previously known as Extreme Unction) through the daily ministry of a team of priests from surrounding parishes.

Please be assured that the priests of this area are working together to faithfully bring the healing power of the Sacraments to our beloved parish communities. Please pray for us and all who assist us in this special work of the Church as we, your priests, promise always to keep you in our prayers.
